

At PharmaCare Specialty Pharmacy, we pride ourselves on our commitment to having the hard-to-find specialty and injectable medications on-hand for you and your patients. We take great effort to make the successful management of an injectable therapy as simple as possible by offering:

Complete Inventory of Specialty Injectable and Oral Medications and Supplies

- A full inventory of hard-to-find prescription medications.
- A wide variety of injectable supplies such as needles and syringes are available.
- Ancillary supplies, over-the-counter medications and nutritional supplements are easily accessible through one of our 38 pharmacy locations.

Reimbursement Expertise Reduces Your Staff's Paperwork and Phone Time

- Our "one call does it all" policy saves your practice time when beginning your patients therapy.
- Participation with over 11,000 prescription plans nationwide offers easy access to comprehensive coverage for your practice and patients.
- Reimbursement specialists dedicated to verifying prescription insurance coverage at the drug level on both the prescription and medical benefit side of insurance plans.

Fast, Responsive Pharmacy Services

- Our pharmacists are dedicated to providing quality care to you and your patients.
- Reliable overnight or two day delivery of injectable and oral medications to your office, patient's home or work - at no additional charge.
- 24-hour pharmacist counseling for medication or administration questions.

Drug, Disease, Injection Specific Educational Materials

- With every dispense of medications from PharmaCare, your patients will receive the appropriate materials to help them comply and benefit most from their therapy.

Call PharmaCare Specialty Pharmacy for all of your specialty needs.
